

Mazda 5

## *ALL YOU EVER NEEDED*

Take a moment or two to step back. Admire. A fusion of outstanding practicality and versatility with sportiness and dynamism. A spacious and capable machine that doesn't sacrifice in the style stakes. Innovative sliding rear doors offer even easier access. A smart mechanism folds seats flat with the pull of a lever, offering a rapid solution to a change in use. And an independently-endorsed first-class safety system meaning you benefit from substance just as much as style. Sound good? That's Mazda5. Go on. Dare to be different.

## *SAFE AS HOUSES*

Mazda5 offers acres of space and flexibility fused with great looks and a sporty drive. But you need it to be safe too. With a maximum 5-star Euro NCAP rating, the Mazda5 is a great place to be. The kids will be secure too, thanks to secure ISOFIX anchorages that securely fastens in child seats, offering the ultimate in protection.

Driver, passenger, side and full length curtain airbags all feature as standard and in conjunction with a strengthened and reinforced body structure, offer superb occupant protection.

The Four-Wheel Anti-lock Braking System (4W-ABS) and Emergency Brake Assist (EBA) with Electronic Brake-force Distribution (EBD) helps you retain control during rapid evasive manoeuvres.

Dynamic Stability Control (DSC) works in unison with the advanced braking system to regulate brake pressure on individual wheels and maintain traction and stability when avoiding obstacles, without creating oversteer or understeer. A Traction Control System (TCS) prevents wheelspin and provides additional control on slippery or loose surfaces.

# PERFECT ALL-ROUNDER

The superb Mazda5 isn't just big. It's very clever too. Adapting in seconds to meet your needs, as well as those of your passengers or cargo, Mazda5 suits any occasion – seven seats for the family day out, five seats for the weekly shop or two seats for when maximum load space is a must. And the seats will never have to be removed thanks to the ingenious Karakuri system, translated from Japanese as “Mechanical surprise”. And it's certainly that. All seats fold flat with the simple pull of a lever. Easy. Innovation is what sets Mazda5 apart. In fact, as it's the only car in its class with twin sliding rear doors, access is made more than straightforward, even in the tightest of tight spots. And watch in amazement as their remote electric operation makes life even easier.

- 1 Innovative and convenient.**  
The second-row centre seat folds out from the left-hand second-row seat, creating a spacious compartment.
- 2 Karakuri storage box.**  
The right-hand second-row seat contains the Karakuri storage box – which is excellent for the kids' small toys – with integrated cargo net and two cup holders (standard on Takara and Furano models).
- 3 5-seater mode.**  
Increase your rear luggage space by folding down the 50/50 split third-row seats.
- 4 6-seater mode.**  
The second-row centre seatback folds down to create an armrest.
- 5 7-seater mode.**  
The 6+1 seating configuration provides maximum passenger capacity.

## *REVEL IN THE DETAIL*

Practicality combines with a sporty drive and sharp styling to make Mazda5 a truly desirable vehicle. Rear privacy glass not only offers sleek looks, but provides further protection from the elements. And, despite its assertive, athletic credentials, impressive fuel economy and low CO<sub>2</sub> emissions demonstrate the result of meticulous engineering. Who says sporty driving fun can't be conscientious? Full six-way adjustment to your black leather seat ensures that great drive experience can be enjoyed from a great driving position, while Bluetooth® connectivity allows on-the-move hands-free telephone operation. Mazda5 is most definitely the place to be.

**Mazda Financial Services\***

Mazda Financial Services offers a variety of finance and payment protection schemes to suit the needs of both private and business customers. With our wide range of plans and services, no-one is more committed to delivering complete motoring confidence and total peace of mind than Mazda and Mazda Financial Services.

**Mazda Contract Hire\*\***

As a Mazda corporate customer, you’ll find that Mazda vehicles are designed to fulfil the diverse needs of a modern company. Our corporate service offers attractive purchase prices, low running costs and market-driven residual values, resulting in extremely competitive ownership costs. To find out more about the benefits of Mazda Contract Hire, please speak to your Mazda dealer.

**Digital Service Record**

The Mazda Digital Service Record (DSR) system provides increased security against counterfeit service documents and odometer tampering, and makes it easy to keep the service history up-to-date. Stored on a central database, the DSR replaces the traditional paper service book and ensures a secure, accurate and permanent service history for the life of the vehicle.
